SUBJECT: LAC Engineering Study No. 1, Revision No. 1 *AutoPilot Control Reliability*

TO: Contracting Officer

LAC Engineering Study No. 1, Revision No. 1, a copy of which has been forwarded direct to Project Headquarters, is a study affecting both FOG and Project Headquarters. FOG recommends that Contract Approval, if granted, on all studies or changes affecting both agencies, should be issued from Project Headquarters as joint approvals, jointly funded.

We approve this proposal as submitted and request you advise the contractor of FOG approval. We further recommend your approval of this study and suggest that your advice to the contractor reflect joint approval and joint funding.
